**Report of the Director of the Division of Local Government Finance
Concerning the Proposed Issuance of
General Obligation Refunding Bonds, Series 2021A
Jefferson County, Tennessee**

This report is being issued pursuant to T.C.A. § 9-21-903 and is based upon information as presented in a plan of refunding (the “Plan”) received by our office on March 30, 2021, from Jefferson County, Tennessee (the “County”). Our report provides information to assist the governing body in its responsibility to understand the nature of the refunding transaction, including the costs, risks, and benefits, prior to approving the issuance of the refunding bonds and is designed to provide consistent and comparable information for all local governments in Tennessee.

This report does not constitute approval or disapproval of the Plan or a determination that a refunding is advantageous or necessary nor that any of the refunded obligations should be refinanced or remain outstanding until their respective dates of maturity. This report does not address compliance with federal tax regulations and is not to be relied upon for that purpose. The County should discuss these issues with bond counsel. This report and the County’s Plan must be presented to the governing body prior to the adoption of a refunding bond resolution.

Refunding Analysis

At the request of the Mayor, our office has reviewed the County’s Plan, as required by T.C.A. § 9-21-903, and provides the following analysis based upon the assumptions outlined in the Plan:

The County plans to issue by competitive sale \$6,735,000 General Obligation Refunding Bonds, Series 2021A (the “Series 2021A Refunding Bonds”) priced at par to current refund \$6,590,000 General Obligation Bonds, Series 2015, dated April 1, 2015, maturing June 1, 2022 through June 1, 2036 (the “Refunded Bonds”).

- The County’s stated objective for the refunding is to achieve savings. The anticipated net present value savings are \$688,717, or 10.45% of the total refunded principal amount of \$6,590,000. Savings will be achieved by reducing the average coupon rate from 3.00% on the Refunded Bonds to 1.57% on the Series 2021A Refunding Bonds.
- The proposed structure of the Series 2021A Refunding Bonds is not balloon indebtedness as defined in T.C.A. § 9-21-133 because the repayment structure is substantially level.

- Estimated costs of issuance are summarized below and based upon the par amount of \$6,735,000 of the Series 2021A Refunding Bonds:

	Amount	Price per \$1,000 Bond
Estimated Underwriter's Discount	\$ 69,484	\$ 10.32
Municipal Advisor (Cumberland Securities)	34,995	5.20
Bond Counsel (Bass, Berry & Sims)	14,000	2.08
Rating Agency	14,500	2.15
Miscellaneous Fees (Paying Agent, POS, Etc.)	11,500	1.71
Total Cost of Issuance	<u>\$ 144,479</u>	<u>\$ 21.45</u>

Financial Professionals

The Plan was prepared by the County with the assistance of its financial advisor, Cumberland Securities Company, Inc. Financial advisors have a fiduciary responsibility to the County. Underwriters have no fiduciary responsibility to the County. They represent the interests of their firm and are not required to act in the County's best interest without regard to their own or other interests.

To learn more about the obligations of the County's underwriter and municipal advisor, please read the information posted on the MSRB website: www.msrb.org.

Plan Assumptions

The assumptions of the Plan are the assertions of the County. An evaluation of the preparation, support and underlying assumptions of the Plan has not been performed by our office. This report provides non assurances of the reasonableness of the underlying assumptions. The assumptions included in the County's Plan may not reflect either current market conditions or market conditions at the time of sale. The Series 2021A Refunding Bonds may be issued with a structure different from that of the Plan.

Debt Management Policy

The County has adopted a debt management policy and has indicated in its Plan that the proposed refunding transaction complies with the County's policy.

Requirements After the Refunding Bonds Have Been Issued

We have included a listing of certain compliance requirements your local government will be responsible for once the refunding bonds have been issued. The listing is not all inclusive and you

should work with your municipal advisor and bond counsel to ensure compliance with legal and regulatory requirements related to the proposed refunding.

Effective Date for this Report

This report is effective for a period of ninety (90) days from the date of the report. If the refunding transaction has not been priced during this ninety (90) day period, a new plan of refunding, with new analysis and estimates based on market conditions at that time, must be submitted to our office. We will then issue a report on the new plan for the County’s governing body to review prior to adopting a new refunding bonds authorizing resolution.
