**Subject:** FW: Surplus of Vehicles and Buses

Dr. Arnold,  
 The Jefferson County Transportation Department is requesting to surplus and remove the following vehicles and buses from its fleet. These older vehicles and school buses require expensive repair work and a lot of money to keep them running. Also, they are safety concerns with these older vehicles/buses. Older vehicles are more susceptible to breaking down at any given time leaving drivers stranded/even catching on fire etc....

Please see the following list of vehicles and buses:

## Proposed Tipping Fee Increase

The Jefferson County Sanitation Commission is requesting Jefferson County Commission to raise the tipping fees at the county landfill. A motion was passed unanimously from the Sanitation Commission. The current rates of \$38/ton for Class I and \$28/ton for Class III/IV were set in 1993. We are requesting that the rates be increased to \$46/ton for Class I and \$35/ton for Class III/IV. Attached you will find a chart showing regional rates for comparison. The regional average rate is \$52/ton for Class I and \$48/ton for Class III/IV.

The 207 fund will benefit from the increased revenue. One benefit will be increasing our 207 fund balance to offset the recurring deficit in total net position audit finding. Additionally there are several projects at the landfill that are pressing or will be pressing in the near future. There is a storm water pond project that TDEC is pushing us to start and complete. There is a Class III expansion that will require immediate construction as soon as the permitting and regulatory phase is complete. There is a section of Class I that can be permanently closed, which should reduce maintenance on that area and reduce our closure liability. Some of these projects could be completed by in house staff. Unfortunately, we have been unable to maintain full staffing especially since the onset of the Covid pandemic. Therefore, some or possibly all of these projects will need to be bid out for construction. This increase in revenue would help to fund these projects.

The 116 fund will have an increase in the disposal fee. The disposal fee is currently budgeted at \$775,000. Last year's actual disposal fee was approximately \$900,000. The proposed increase would raise the estimated disposal to \$1,100,000.
