

Tire Rim-Handling Fee

Effective **December 1st, 2025**

Jefferson County Sanitation will assess a fee of **\$40.00** for any tire brought to the Jefferson County Landfill with the rim still attached.

This fee reflects penalties incurred by the County's tire recycler when rims are not removed before tire disposal—additional labor on the part of Sanitation becomes necessary to avoid these penalties.

To avoid the fee, please ensure all rims are removed from tires **before arrival** at the landfill. Rims may be brought separately in this fashion to recycle as scrap metal, free of charge.

Residential Car Tires: **\$2.00 each up to 10**

All Other Tires: **\$160.00 per ton**

Tire Rim-Handling Fee: **\$40.00**

Tire Rim-Handling Repeat Offense Fee: **\$75.00 and loss of landfill disposal privileges**
